

Leo Ortiz and Ricky Martinez enjoy a little fun, while waiting in line for the go carts.

Grr, Ahoy FFA

On Sept. 15, the Firebaugh FFA took about 100 students to "Blackbeard's Family Entertainment Center" hosted by the West-Fresno Madera FFA Section.

This was not one of those ordinary FFA meetings, but far from it. Meaning both are fun, but it's not everyday that at an FFA event there is a go kart track and a mini golf course. Also since it does say it in the name "Blackbeard's" there was a fun pirate ship ride along with lazer tag.

Since it was a sectional activity, many other chapters attended and some even got to reunite with friends from other chapters, which may not live so close to each other. There was also some that even made new friends right then and there.

But whatever the case was, everyone enjoyed themselves and can not wait for the next sectional activity.
