## The FFA Family

The Firebaugh 2015-2016 chapter officers are ready to begin the year. We started off by introducing the theme for this year, "Oh, The Places We'll Go..." by Dr. Seuss. we then had our officer retreat at Shaver Lake, to get to know each other a little bit better, as well as our amazing advisors. We have also set up the chapter's goals and expectations for the year. This year the Firebaugh

FFA chapter will do more than just stay in its chapter. One of the goals this year is to reach out to other neighboring chapters, to show that the FFA has no limits. This year the chapter will host many events for the students as well as community such as having a welcome back barbecue. This is another goal for the Firebaugh FFA, to get the community and ourselves more involved with the program.

Along with the theme, we will plan to go to as many places and do as much as we can do, in order to make Firebaugh known to not only neighboring chapters, but to places further out. We will promote ourselves by social media, setting up booths at community events, and placing at competitions.

The officers are ready to begin the year full of surprises, excitement, and well lots of competition.
